Rating: 4/5

The thing that hits you as soon as you push play is Chris' excellent voice. It has that old familiar sound but in a refreshing way. It sort of puts you in mind of some of those 70's AM Radio singers and Matthew Sweet all rolled into one.

The songs and sound on this release are top notch and really enjoyable. One of the standouts is "Heavy Hearted" with its simplistic yet in your face drum intro. The other standout for me personally is "I'm Just Trying To Break Your Heart" with its true to life lyrics.

Genuine lyrics and a smooth voice make for one enjoyable CD.
