Sex Love and Morality according to Chris Koster

Chris Koster-Sex, Love and Morality (Orange) 4 out of 5

Imagine a mix of Prince, Dan Reed Network and NIN and you're pretty close to the sound of the Canadian multi instrumentalist Chris Koster, his second and latest album "Sex, Love and Morality" was released in Feb.2008.

There's plenty of hooks and cool electro/modern rock beats on this album, the single "Heavy hearted" is nothing but excellent!

And the bombastic "No love lost" is a contender for the best rock song of 2008.
